Testimonies

1. Reuben Samson – Karachi

"I was struggling with depression and had no hope for my future. One day, I watched a JCTV worship session that spoke directly to my heart. The words, the music, the message, it all felt like God was calling me back. I started watching regularly, and now I've found peace and purpose in Christ. JCTV played a huge part in my healing."

2. Tabitha Emmanuel – Bahawalpur

"As a Christian girl in a small town, I always felt alone in my faith journey. When I found JCTV online, I felt seen and understood. The girls' Bible study series and youth talks helped me grow confident in who I am. I now lead a small Bible group with my cousins. JCTV gave me the courage to lead."

3. Michael Joseph – Abbottabad

"My family had financial struggles, and I was also far from God. After sending a prayer request during a live session on JCTV, things began to shift. We experienced unexpected blessings and provision. But more than that, my relationship with Jesus was restored. I'm now serving in youth ministry and testify that prayer works and JCTV is a blessing to our nation."
